## Profile

Software solutions enthusiast and founder of Nexty.tech [🔗](#), dedicated to building cutting-edge SaaS products that drive growth and efficiency. Passionate about app and web development, with a focus on scalable and impactful solutions. Always open to learning, collaboration, and new opportunities to shape the future of software solutions

## Education

**B.Tech in Computer Science and Engineering,** 2022 – present  
*Geetanjali Institute of Technical Studies* Udaipur, India

- **App Development Lead and Volunteer as Anchor at college events**
- **National Cadet Corps (NCC)** – Cadet
- **Hackathons** – Participates in IoT and software development hackathons as a hobby
- **SaaS Entrepreneurship** – Building a SaaS company focused on next-generation software solutions

**Class 12th, St. Paul's Senior Secondary School** 2021 – 2022  
Completed with 70% overall academic achievement. Udaipur, India

**Class 10th, St. Paul's Senior Secondary School** 2019 – 2020  
Completed with 89% overall academic achievement. Udaipur, India

## Professional Experience

**Flutter App Developer Intern, Editors Chamber** 05/2024 – 07/2024  
Udaipur, India

- Integrated REST APIs and implemented efficient state management (GetX) to enhance data flow and app stability.
- Optimized app performance by identifying bottlenecks, refining animations, and improving asset handling.
- Resolved bugs and enhanced code quality, leading to a more stable and maintainable application. Collaborated with designers and developers to deliver feature-rich app updates within tight deadlines.
- Implemented scalable UI components and reusable widgets to accelerate development and ensure consistency.
- Developed and optimized a Flutter-based mobile application, ensuring smooth UI interactions and responsiveness across multiple devices.

**Freelance Web and App Developer, Freelancer.com** 10/2019 – 07/2023  
Udaipur, India

- Designed and developed custom web and mobile applications for clients across various industries, ensuring scalable and user-friendly solutions.
- Built and deployed responsive websites using React, Next.js, and Tailwind CSS, optimizing performance and accessibility.
- Developed and maintained mobile applications using Flutter, integrating APIs and implementing efficient state management.

- Optimized website performance, improving load times and enhancing UI/UX to maximize user engagement.
- Collaborated with clients to gather requirements, define project scope, and deliver tailored solutions that align with business goals.

## Skills

### Programming Languages

- Python
- C++
- JavaScript

### Mobile App Development

- Flutter
- Firebase

### Soft Skills

- Leadership – Experience leading development teams and projects.
- Initiative – Proactive in problem-solving and continuous learning.
- Team Spirit – Strong collaborator in cross-functional teams and hackathons

### Web Development

- HTML
- CSS
- WordPress

### Databases & Backend

- SQL
- DBMS

### Version Control & Collaboration

- Github

## Projects

### FrameMyScreen.com

07/2024 – 08/2024

- Developed a responsive and intuitive UI/UX, streamlining the mockup creation process.
- Implemented FFMPEG-based rendering, enabling smooth animation and high-quality video exports.
- Integrated multiple device templates, allowing users to showcase work on various screen sizes.
- Added customizable animations and export options, enhancing user creativity and flexibility.
- Grew to 100+ registered users within the first week through targeted marketing and continuous improvements.

## Certificates

### Data Base Management System

NPTEL (2024)

### Introduction to Machine Learning

NPTEL (2024)

### Programming in Modern C++

NPTEL (2024)

### Problem Solving Through Programming In C

NPTEL (2024)

### Data Science for Engineers

NPTEL (2024)
